The Portland Area Comprehensive Transportation System (PACTS) is working with the Cities of Portland and South Portland to improve travel in the Forest Avenue – Route 302 – Route 77 – Broadway Corridor, from Morrill’s Corner to Bug Light Park and SMCC. The plan will balance traffic, public transit service, walking, bicycling, safety issues, and travel demand from new development to create a vibrant corridor and improve the community’s quality of life.

This meeting will focus on Portland’s Deering Oaks / Forest Avenue Central segment of the corridor.
